

Louis Gerke  
The Ripple Effect

Dear Louis,

On behalf of Engen Chemicals and Special Products, thank for assisting us in hosting three successful customer events in February 2009. The theme and the activities you presented resonated well with everybody. We have received an overwhelming positive response from all participants.

The activities and the facilitation thereof were very effective and helped in reinforcing our marketing strategies with our customers and most importantly our sales team!

Wishing you and your organisation a successful future.

Sincerely,

Colleen Jacobs
