RE: LEADERSHIP TRAINING – THE *'RIPPLE'* EFFECT

Dear Louis and Caroline

Thank you for participating in our HIP2B² Brand Ambassador programme as facilitator.

It is such a pleasure working with you. Your expertise and the professional way of handling the sessions are highly commendable. All delegates found it easy to identify with your pleasant and professional manner.

I also have to commend you on identifying individual problems and how you handle them.

It has only been a pleasure working with you and I can and will recommend your services.

Kind regards
